History

Discovery Drilling Contractors South Africa & Africa was established in July 2008. Since its establishment, the company has grown into an efficient and effective business unit, maintaining the highest standards with regards to personnel, equipment, health and safety and delivery of quality service to its clients.

Discovery Drilling Contractors is the major player in the diamond drilling and water drilling market, with a machinery compliment that is the envy of our competitors.

We pride ourselves in the geographical spread of our operational area – we cover the whole of South Africa and Botswana.

Grindwell (Pty) Ltd Trading As:

Discovery
DRILLING CONTRACTORS
**SOUTH AFRICA
& AFRICA**

About Us

We are proud to present to you Discovery Drilling Contractors South Africa & Africa, as the complete solution to your exploration drilling needs with a fleet of 31 Diamond Drill Rigs and Percussion and RC with a well- experienced crew and world-class equipment.

We are a 51% Black Female Owned company.

Mission Statement

Discovery Drilling Contractors South Africa & Africa aims to offer the best service in the industry, and to maintain our position as the preferred partner for our clients. We aim to attain this by offering a unique service tailor-made to each client's needs, without compromising on quality or safety.

Safety & Environment

Discovery Drilling Contractors South Africa & Africa, being on the forefront of the Exploration industry, is fully aware of the hazards and risks facing our employees in their work environment that vary in place, processes, activities, size and complexity. The management of Discovery Drilling is committed to ensuring a work environment for all our employees as well as others working alongside and with us, which is risk-free and injury-free.

Our Safety and Environmental system is based on: The internationally recognized OHSAS 18001 (Safety) | •ISO 14001(Environmental) | •The global Reporting Indicators (GRI: G3) requirements in addition to best practice standards

Service Delivery:

Our service is solid, based on experience and quality of both management and field personnel, as well as rugged, safe and dependable drilling equipment.

Thank you for getting to know us better.

We look forward to working with you and bringing positive change through our superior products and services.
